

## Team Meeting Summary

Meeting Date: Nov 20<sup>th</sup>,2024.

Meeting Time: 10:30 PM.

MeetingDuration:40 Min.

### Participants:

- Rishika Dudipala.
- Shiva Sai Kodandapuram.
- Aravind Chitiprolu.
- Ravali Kudaravalli.
- Sreshta Chityala.
- Ramya Madhavareddy.
- Rajini Vijetha Rudrarapu.
- Gayatri Vigna Penmesta.
- Trisha Reddy Nidjinha.

### Main topics of Discussion:

- We first thoroughly went through deliverable 5. And discussed each section so that all the members in the group can get clarity about the requirements.
- We divided the tasks among us, and we divided internal groups so that we could work on assigned tasks and discuss. We discussed the milestones and objectives that need to be done.
- We discussed each part in a detailed way, discussed the changes in our project, and updated it. We discussed the code and API's.
- We also discussed the class diagram, sequence diagram, and other diagrams and what attributes and methods we need to use to reach teams' goals.
- All the doubts and issues while executing were solved and the mistakes were addressed from the last deliverable.
- We also discussed the ppt. The points that need to be included in the ppt from the past deliverables and assigned members for the ppt preparation.
- We also discussed the video presentation and for this group members were assigned by the group leader according to that we discussed about that.
- We also discussed the test cases and code functionalities and all the requirements that need to be done.
